

PharmaC
SOLUTIONS

FROM CONCEPT TO COMPLIANCE, WE DELIVER

COMPANY OVERVIEW

WHO WE ARE

Driven by Expertise. Powered by Experience.

PharmaC Solutions is a dedicated team of pharmaceutical specialists and engineers with over 15 years of experience in global and regional markets. Our heritage in both the technical and pharmaceutical fields allows us to bridge the gap between world-class innovation and local manufacturing excellence, delivering solutions that are technically sound and GMP compliant.

Vision, Mission & Values

From Concept to Compliance, We Deliver

VISION

“To be the leading partner in advancing pharmaceutical and laboratory excellence through innovative and reliable solutions.”

MISSION

To deliver high-quality pharmaceutical and laboratory solutions including machinery, equipment, manufacturing inputs, and support services, enabling our clients to achieve operational and research goals with efficiency and compliance.”

Quality

*Highest standards,
always*

Trust

*Transparency &
reliability*

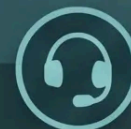

Compliance

*GMP · ISO · FDA
aligned*

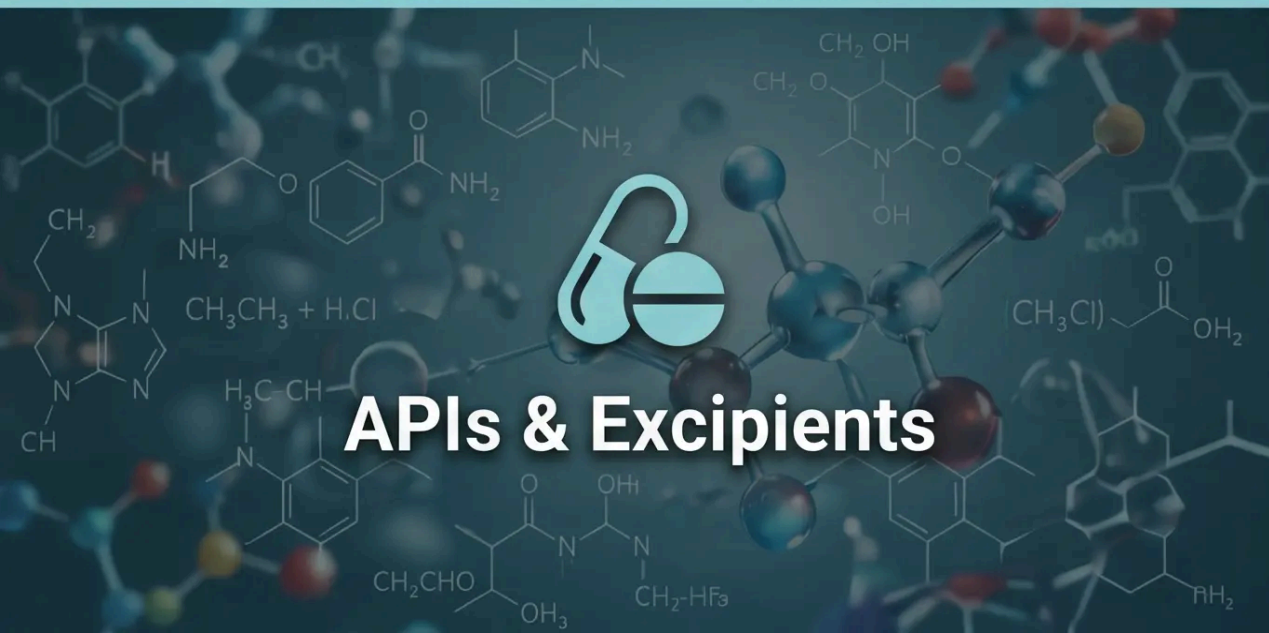

Speed

*Timely delivery &
response*

Support

*Proactive client
assistance*

Our Pharmaceutical Machinery Partners

Excellence in Pharma Manufacturing

PHARMATECH KOREA CO., LTD.

PHARMATECH KOREA

GMP Solid Dosage Machinery

Rotary Tablet Presses (PKT) · Capsule Fillers (PKF)
Coating Systems (PKC) · High Speed Mixers (PKM)

WOOWON Co., Ltd.

Mixing & Homogenization Since 1984

Vacuum Homogenizers · High Shear Mixers
Powder Mixers for Pharma & Cosmetics

VISION INSPECTION SYSTEM

NFA Co., Ltd.

Vision Inspection Systems

2D/3D/IR Vision Systems (SELMA200)
High Speed Tablet & Capsule Inspection

SOMAPACK.

SOMAPACK

Pharmaceutical Packaging Since 1995

Stick & Sachet Packaging Machines
Liquid Filling & Sealing Systems

ILSHIN BIOBASE

Lyophilization (Freeze Technology)

Industrial Freeze Dryers 500kg/batch
CGMP/BGMP Compliant Systems

**BUCHON
MACHINERY**

Specialized manufacturer of automatic
packaging machines established in 1984.

High-performance Blister Packaging (WIDER
series) and Carton Packaging (WINNER series)

Capabilities: Full automation,
high speed production (up to 300/min),
PVC, Alu+Alu & Tropical blisters

Comprehensive Laboratory Solutions

13 Specialized Categories | 140+ Premium European Brands

1 Occupational Safety & Security

Eye protection · Breathing protection
Ear protection · Skin protection · Gloves
Protective clothing · Hazard ID · First aid
Waste/Safety containers · Transport

2 Analytical Measurement & Testing

pH · Conductivity · Oxygen ·
Multiparameter · Balances ·
Thermometers · Timing · Climate ·
Density · Analytical instruments

3 Stirring, Shaking & Mixing

Magnetic stirrers/hotplates ·
Overhead stirrers · Shakers & mixers

4 Sample Preparation

Sampling · Grinding · Sieving ·
Mixing · Homogenisation

5 Distillation, Separation & Filtration

Distillation · Synthesis · Rotary
avaporators · Centrifuging · Filtration

6 Heating & Cooling Technology

Cooling · Temperature regulators ·
Heating

7 Liquid Handling

Volumetric apparatus · Pipettes ·
Dispensing · Titration · Pumps

8 Vacuum Technology

Water jet pumps · Diaphragm pumps
Rotary vane pumps ·
Accessories · Vacuum controller ·
Vacuum drying · Lab Freeze drying

9 Optical Instruments & Microscopes

Optical instruments · Microscopes ·
Refractometers · Photometers

10 Cleaning & Sterilization

Cleanroom · Disinfection · Cleaning
Implements · Ultrasonic cleaners ·
Washers/disinfectors · Steam
sterilisers · Autoclaves.

11 Life Sciences & Biotechnology

Genomics · Proteomics · Cell
culture · Microbiology · Histology ·
General Consumables · General
Instruments

12 Chromatography

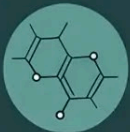

Vials · Syringes · Sample prep · LC ·
GC · TLC

13 Cleanroom Supplies

Reusable garmants · Disposable garments ·
Eye protection · Gloves · Wipes · Swabs · Paper

APIs & Excipients

Active Pharmaceutical Ingredients

Pharmacopoeial grade APIs from R&D to large scale production

Functional Excipients

Binders, fillers, disintegrants, lubricants, glidants

Solubility Enhancers

Cyclodextrins, co-solvents, surfactants

Coating and Film Excipients

Cellulosic polymers, acrylics, and enteric coating systems

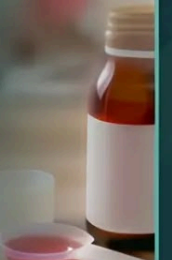

Preservatives & Antioxidants

Antimicrobial preservatives and antioxidant systems for sterile and oral liquid formulations

Coloring and Flavoring Agents

Pharmaceutical grade coloring and flavoring systems for syrups and oral dispersibles

Pharmacopoeial
Pharmacopoeial Grade

GMP Compliant
Supply Chain Qualified

Full COA
Certificate of Analysis Provided

Traceability
Sourced from Audited Suppliers

Primary Packaging & Empty Capsules

High barrier blister materials and versatile capsule shells, fully documented, reliably sourced.

Blister Packaging

PVC

Standard barrier, cost-effective

PVDC

High-barrier moisture protection

Aluminum

Maximum light & moisture seal

Aclar

Ultra-high barrier performance

Empty Hard Capsules

Gelatin Capsules

Pharmacopoeial-grade, standard sizes

Sizes 00-4

Coloured

Clear

HPMC Vegetarian Capsules

Plant-derived, halal & kosher certified

Halal

Kosher

Vegetarian

Enteric Capsules

pH-dependent release for targeted delivery

Enteric

pH Dependent

AFTER SALES SUPPORT

Service & After Sales Support

Your equipment. Our responsibility. Every step of the way.

Installation & Commissioning

Expert setup from day one

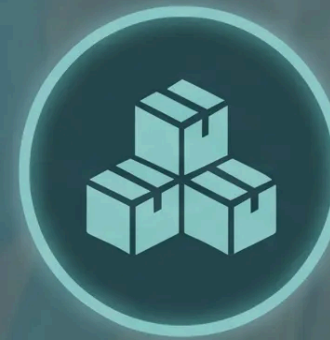

Staff Training

Hands on operation & safety programs

Preventive Maintenance

Scheduled care to prevent downtime

Spare Parts Supply

Genuine parts, always available

Warranty & Technical Helpdesk

Full coverage & expert support
