

FROM CONCEPT TO COMPLIANCE, WE DELIVER

ENGINEERING • TECHNOLOGY • COMPLIANCE • REGIONAL EXECUTION

COMPANY OVERVIEW

WHO WE ARE

Driven by Expertise. Powered by Experience.

PharmaC Solutions is a dedicated team of pharmaceutical specialists and engineers with over 15 years of experience in global and regional markets. Our heritage in both the technical and pharmaceutical fields allows us to bridge the gap between world-class innovation and local manufacturing excellence, delivering solutions that are technically sound and GMP compliant.

Vision, Mission & Values

From Concept to Compliance, We Deliver

01 • DIRECTION

VISION

“To be the leading partner in advancing pharmaceutical and laboratory excellence through innovative and reliable solutions.”

02 • EXECUTION

MISSION

“To deliver high-quality pharmaceutical and laboratory solutions including machinery, equipment, manufacturing inputs, and support services, enabling our clients to achieve operational and research goals with efficiency and compliance.”

03 • CORE OPERATING VALUES — HOW WE WORK, EVERY DAY

Quality

*Highest standards,
always*

Trust

*Transparency &
reliability*

Compliance

*GMP • ISO • FDA
aligned*

Speed

*Timely delivery &
response*

Support

*Proactive client
assistance*

OUR PRODUCT PORTFOLIO

AN INTEGRATED FOUR-PILLAR PHARMACEUTICAL TECHNOLOGY PORTFOLIO

01 • PROCESS

Pharmaceutical Machinery

Manufacturing & processing technology

02 • ANALYZE

Laboratory Equipment

Testing & analytical solutions

03 • FORMULATE

APIs & Excipients

Pharmaceutical manufacturing inputs

04 • PROTECT

Primary Packaging Materials

Blister materials & capsule solutions

Our Pharmaceutical Machinery Partners

WOOWON Co., Ltd.

PROCESSING

High-quality mixing technology

Homogenizers, High Shear Mixers.

ILSHIN BIOBASE

LYOPHILIZATION

Laboratory and industrial freeze dryers

Comprehensive range of lyophilization solutions.

ASEPTCONN AG

ASEPTIC TRANSFER

Sterile fluid transfer technology

Swiss leader in aseptic liquid handling.

COSMAR

AEROSOL / BOV

Aerosol & BOV Filling Technologies

Advanced filling machines for aerosol and Bag-on-Valve technology.

SOMA PACK

Stick and Sachet

Stick and sachet packing

Advanced filling machines for sticks, sachets and pouches

AUSTAR

UTILITIES / CLEANROOM

Water Stations

Cleanroom Consumables

Our Pharmaceutical Machinery Partners

NFA Co., Ltd.

INSPECTION

Advanced vision inspection systems

Specialized systems for tablets and capsules.

PTK

Pharmaceutical Machinery

Pharmaceutical solid dosage integrated solutions

Complete solid line solutions like tablet press and capsule filling solution

PHARMAPACK

Packaging Machinery

Pharmaceutical Packaging solutions

Integrated solutions for blister packing , cartooning , counting and labeling machines

TAILIN

STERILITY CONTROL

Sterility testing and isolator systems

Global innovator in microbiological control.

COMECER

ASEPTIC FILLING

Aseptic Filling Lines

High-accuracy automated filling for vials, syringes, prefilled syringes and cartridges.

Comprehensive Laboratory Solutions

13

SPECIALIZED CATEGORIES
COMPLETE LABORATORY WORKFLOW COVERAGE

140+

PREMIUM EUROPEAN BRANDS
CURATED ANALYTICAL & LABORATORY NETWORK

1 Occupational Safety & Security

Eye protection · Breathing protection · Ear protection · Skin protection · Gloves · Protective clothing · Hazard ID · First aid · Safety containers.

2 Analytical Measurement & Testing

pH · Conductivity · Oxygen · Multiparameter · Balances · Thermometers · Timing · Climate · Density · Analytical instruments.

3 Stirring, Shaking & Mixing

Magnetic stirrers/hotplates · Overhead stirrers · Shakers and laboratory mixers.

4 Sample Preparation

Sampling · Grinding · Sieving · Mixing · Homogenization equipment.

5 Distillation, Separation & Filtration

Distillation · Synthesis · Rotary evaporators · Centrifuging · Precision filtration systems.

6 Heating & Cooling Technology

Cooling · Temperature regulators · Advanced heating solutions.

7 Liquid Handling

Volumetric apparatus · Pipettes · Dispensing · Titration · Laboratory pumps.

8 Vacuum Technology

Water jet · Diaphragm and rotary vane pumps · Vacuum controllers · Vacuum drying · laboratory freeze-drying.

9 Optical Instruments & Microscopes

Optical instruments · Microscopes · Refractometers · Photometers.

10 Cleaning & Sterilization

Cleanroom implements · Ultrasonic cleaners · Washers/disinfectors · Steam sterilisers · Autoclaves.

11 Life Sciences & Biotechnology

Genomics · Proteomics · Cell culture · Microbiology · Histology · Consumables · General instruments.

12 Chromatography

Vials · Syringes · Sample preparation · LC · GC · TLC.

13 Cleanroom Supplies

Reusable and disposable garments · Eye protection · Gloves · Wipes · Swabs · Paper.

140+ Premium European Brands

| GMP-grade Equipment

| Delivering Excellence to the Pharmaceutical Field

APIs & Excipients

Active Pharmaceutical Ingredients

Pharmacopoeial grade APIs from R&D to large scale production

Functional Excipients

Binders, fillers, disintegrants, lubricants, glidants

Solubility Enhancers

Cyclodextrins, co-solvents, surfactants

Coating and Film Excipients

Cellulosic polymers, acrylics, and enteric coating systems

Preservatives & Antioxidants

Antimicrobial preservatives and antioxidant systems for sterile and oral liquid formulations

Coloring and Flavoring Agents

Pharmaceutical grade coloring and flavoring systems for syrups and oral dispersibles

QUALITY ASSURANCE CREDENTIALS • DOCUMENTED, QUALIFIED, TRACEABLE

Pharmacopoeial Grade

Qualified pharmaceutical specifications

GMP Compliant

Compliance-led sourcing

Supply Chain Qualified

Approved supplier network

Full COA

Certificate of analysis provided

Traceability

Sourced from audited suppliers

Primary Packaging & Empty Capsules

High barrier blister materials and versatile capsule shells, fully documented, reliably sourced.

PHARMACEUTICAL-GRADE QUALITY

DOCUMENTED SUPPLY

TRACEABLE SOURCING

01 Blister Packaging

PVC

Standard barrier, cost-effective

PVDC

High-barrier moisture protection

Aluminum

Maximum light & moisture seal

Aclar

Ultra-high barrier performance

02 Empty Hard Capsules

Gelatin Capsules

Pharmacopoeial-grade, standard sizes

Sizes 00–4

Coloured

Clear

HPMC Vegetarian Capsules

Plant-derived, halal & kosher certified

Halal

Kosher

Vegetarian

Enteric Capsules

pH-dependent release for targeted delivery

Enteric

pH Dependent

Service & After Sales Support

Your equipment. Our responsibility. Every step of the way.

01

Installation & Commissioning

Expert setup from day one

02

Staff Training

Hands-on operation & safety programs

03

Preventive Maintenance

Scheduled care to prevent downtime

04

Spare Parts Supply

Genuine parts, always available

05

Warranty & Technical Helpdesk

Full coverage & expert support
